

Google Earth Scavenger Hunt

Directions: Use the Google Earth program to fill in the blanks. You may work alone or with the person at the computer next to you.

Name: _____

My Address: _____

Use the search function to type in your complete address. Include city and state in your search. Once you have pinpointed the location of your house locate the major roads (make sure "roads" layer is checked) that are highlighted in yellow.

My closest intersection: _____

An intersection is where two major roads meet. Once you have found this, make sure the "borders" option is checked and zoom out to find your county (light green borders). Now record all the counties that touch your county.

My County: _____

Counties around mine:

| | |
|-------|-------|
| _____ | _____ |
| _____ | _____ |
| _____ | _____ |

Zoom out enough so that you can see all the major cities in your state. Make sure the “roads” layer is checked and determine what road is needed to travel between two cities in your state.

You can get to _____ (city) from _____ (city) by taking highway number _____.

Continue to zoom out until you can see the states that touch your state. **List them below.**

Now zoom out until you can view your country name.

The two countries that border my county are: _____

Free Exploration: Find 2 other countries. List 2 cities found in each country.

Country 1: _____

City 1: _____

City 2: _____

City 3: _____

Country 1: _____

City 1: _____

City 2: _____

City 3: _____
